Amy Banks, MD is Director of Advanced Training and Senior Research Scientist at the Jean Baker Miller Training Institute. The author of *Four Ways to Click: Brain Science and the Strong Relationship*, and co-editor of *A Complete Guide to Mental Health for Women*, she has a private practice in Lexington, MA.

David H. Barlow, PhD is Professor, Founder and Director Emeritus of The Center for Anxiety and Related Disorders at Boston University. He has published over 600 articles and chapters and over 75 books and his research has been continuously funded by the National Institutes of Health for 40 years. He is the recipient of numerous awards, including the Distinguished Scientific Award for Applications of Psychology from the American Psychological Association and James McKeen Cattell Fellow Award from the Association for Psychological Science honoring individuals for their lifetime of significant intellectual achievements in applied psychological research.

Kelly Klump, PhD is a Professor of Psychology at Michigan State University. Her research focuses on genetic and biological risk factors for eating disorders using both human (i.e., twin studies) and animal models. She is particularly interested in developmental changes in genetic and hormonal risk factors and their meaning for the development of eating disorders. Dr. Klump has published over 145 papers and has received a number of federal grants for this work, including several currently funded NIMH projects.

Margo Maine, PhD, FAED, CEDS co-founder of the Maine & Weinstein Specialty Group, is a founding member of AED and a member of the Founder's Council of NEDA. Dr. Maine is a member of The Renfrew Center Foundation Conference Committee and author or co-author of numerous books, including *Treatment of Eating Disorders: Bridging the Research - Practice Gap* and *Effective Clinical Practice in the Treatment of Eating Disorders: The Heart of the Matter*.
