Booklist & Resources

Hope, Help & Healing

MISSION STATEMENT

The Renfrew Center and The Renfrew Center Foundation are dedicated to treatment, training, research, prevention and advocacy in the field of eating disorders. In a warm and nurturing environment, we provide adolescent girls and women with the skills and support needed to recover from anorexia, bulimia and binge eating disorders, and to create meaningful, satisfying lives.

About Renfrew

The Renfrew Center was established in 1985 in Philadelphia as the first free-standing, residential treatment facility in the United States exclusively dedicated to the treatment of adolescent girls and women with eating disorders. Today, Renfrew provides a comprehensive range of services in California, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, New Jersey, New York, North Carolina, Pennsylvania, and Tennessee. Programs and services vary by site and include: Residential; Day Treatment; Intensive Outpatient; Group Therapy; Virtual Therapy; Individual, Family and Couples Therapy; and Nutrition Therapy.

The Renfrew Center has treated more than 75,000 individuals with eating disorders. The Renfrew Center Unified Treatment Model for Eating Disorders® integrates an emphasis on the healing potential of empathic relational connection with evidence-based, emotion-focused treatment interventions.

The Renfrew Center Foundation, founded in 1990, is a non-profit, charitable organization dedicated to advancing eating disorders education, prevention, research, advocacy, and treatment.

Through its programs, The Renfrew Center Foundation aims to:

- Increase awareness of eating disorders as a public health issue by mobilizing individuals and families in recovery and by spreading its body of knowledge across the nation.
- Educate decision makers, including governmental agencies and the media, about the dangers of eating disorders.
- Train professionals in the assessment, treatment and prevention of eating disorders and body image disturbance.
- Research the pathology, recovery patterns and effective treatment options for eating disorders and body image disturbance.
- Raise scholarship funds for those who might otherwise not be able to afford treatment.

Individuals can become more involved with The Foundation's efforts through education and advocacy campaigns and by donating funds to support our programs and scholarships for treatment. Together, with your help, we can build a future where women, men and children have the hope for a healthy life free from eating disorders.
