

# THE RENFREW CENTER • WEEKLY MULTI-FAMILY GROUP

Multi-Family Group (MFG) is a **weekly free in-person support group** open to **current and former Renfrew patients and their families**, as well as any **local families** navigating the eating disorder recovery process. We know family takes many forms – parents/grandparents, partners, friends, roommates, etc. – so anyone in a supportive role is welcome.

Led by eating disorder therapists, this open-discussion group focuses on the influence of family communication styles and roles in eating disorder treatment, aiming to not only reinforce recovery, but also to enhance the emotional connection and communication between you and your loved one. It offers the opportunity to learn and practice skills, as well as engage in this supportive, focused environment with other families.

*\*This is a drop-in style group.*
